Integrated Packaging Equipment, Materials, Production Services and Marketing Support

**SACHET**

## BPS 150 Series

### Single Lane Stick Bagger/Sachet Packer

BPS-150 sachet packing machines are compact, affordable, and versatile. They are available with three dosing mechanisms, so they can pack a wide range of materials.

#### Features

- Color touch screen for easy operation.
- Stainless steel case and food contact parts.
- Fully integrated dosing mechanism, so bag making, filling, and sealing are performed by one unit.
- Computer control
- Registered wrap for working with printed films.
- Photoelectric tracking system.
- Two year parts and labor warranty.

The Barrington Warranty covers parts and labor for two full years.

#### Options

- Ribbon Printer
- Gas Flush
- Hole Punch
