SAVE ON TAXES WHILE YOU BUILD YOUR BUSINESS

Successful businesses take advantage of legal tax incentives to help lower their operating costs. With so much uncertainty about future changes to the tax laws, you should act now to make sure you get the tax savings that are built into today's laws.

The Section 179 Deduction is a tax incentive that is easy to use, and gives businesses an incentive to invest in themselves by adding capital equipment. Under this portion of the law, you can expense the purchase price of capital equipment, thus lowering your tax liability.

SECTION 179
Free resource answering questions related to the Section 179 Tax Deduction, and explaining the impact various Stimulus Acts have on Section 179.

FEDERAL TAX INCENTIVES

In order to qualify for the US Federal Section #179 Deduction, the equipment must be purchased, financed or leased and put into service by December 31, 2014.

*With this important part of the tax law, packaging equipment from Barrington Packaging Systems Group can now help you **save money in two ways:***

- 1. By lowering your labor costs**
- 2. By lowering your taxes**

*Talk to your financial advisors or your accountants and ask them how you can use the **“The US Federal Section #179 Deduction TAX incentives”** to offset your next equipment purchases.*
